

Technical Note

Selection and usage guidelines: Birger Adapter

Selection and usage guidelines: Birger Adapter.

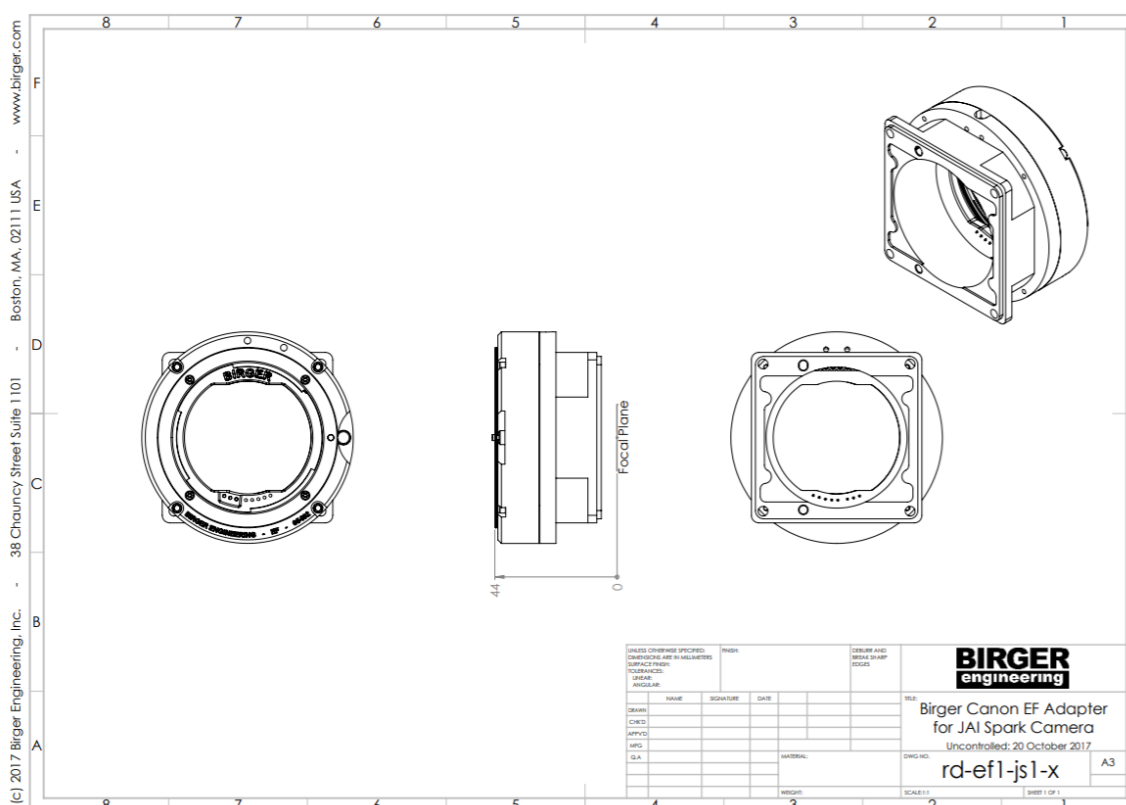

JAI has tested the operation of the following Birger Adapter for use with JAI's SP-45000M-CXP4/SP-45000C-CXP4 and SP-45001M-CXP4/SP-45001C-CXP4.

Lens control (Transfer camera control commands)

By connecting SP-45000M-CXP4/SP-45000C-CXP4 or SP-45001M-CXP4/SP-45001C-CXP4 to a Birger Mount Adapter via RS-232C and transferring the lens control commands sent via CoaXPress to the camera, Canon EF lens can be controlled via SP-45000M-CXP4/SP-45000C-CXP4 or SP-45001M-CXP4/SP-45001C-CXP4.

Vendor : Birger Engineering, Inc.

Model : RD-EF1-JS1-RS1 (Birger Canon EF Adapter for JAI Spark Camera)

End.
