# - Conflict Minerals Declaration -

## Our commitment on Conflict Minerals

JAI Ltd., Quality Assurance Department

Dear valued customers,

JAI is a Private Company (not subject to SEC reporting). With this stated JAI supports the goals and objectives of Section 1502 of the Dodd-Frank Act, signed into law July 2010 and finalized in August 2012. The act aims to prevent the use of conflict minerals that directly or indirectly finance or benefit armed groups in The Democratic Republic of the Congo (DRC) or an adjoining country as defined in the Act (Conflict Region). Conflict minerals include: tantalum, gold, tungsten and tin. The Act requires companies to perform due diligence with respect to the sourcing of conflict minerals and to file annual reports relating to use of conflict minerals.

JAI, to the best of our ability, will comply with the conflict minerals diligence and reporting obligations required under the Act. To meet the obligations, JAI has requested all tier one (1) suppliers to perform their due-diligence in support of the act and reporting potential use of conflict minerals.

JAI has either obtained from our tier one (1), or is in the process of obtaining, information from suppliers concerning the origin of the metals that are used in the manufacture of JAI products. Based upon information provided by our tier one (1) suppliers, JAI does not knowingly use metals derived from the Conflict Region.
